

VBA Scripting Homework

Observations & recommendations:

- i. Ticker BAC had the largest stock volume for 2014, 2015, and 2016. This is a highly traded stock that should be invested in.
- ii. BRK.A had the highest yearly increase for both 2014 and 2016. However, there was a sharp drop in 2015, so it may not be the wisest choice.
- iii. KMI.W has only gone down for 2015 and 2016, and had the greatest percent decrease in 2015. Should be avoided.

Limitations of this dataset:

- i. The date range of the data is limited to 2014 to 2016.
- ii. The reasons for the increases and decreases are unknown.
